Forget the association of the word "Gothic" to dark, haunted houses, Wuthering Heights, or ghostly pale people wearing black nail polish and ripped fishnets. The original Gothic style was actually developed to bring sunshine into people's lives, and especially into their churches. To get past the accrued definitions of the.

Interior Architecture is the design of a space inside any building or shelter type home that can be fixed. It can also be the initial design and plan for use, then later redesign to accommodate a changed purpose, or a significantly revised design for adaptive reuse of the building shell. The latter is often part of sustainable.
