Descripción

«La libertad, Sancho, es uno de los más preciosos dones que a los hombres dieron los cielos; con ella no pueden igualarse los tesoros que encierra la tierra, ni el mar encubre. Por la libertad, así como por la honra, se puede y debe aventurar la vida». Don Quijote. Cervantes. Ésta es la historia del dueño de una mina de hierro en Francia (en 1847) y su reacción a la competencia que tenía por parte de los mineros belgas. Los belgas podían producir y vender su hierro en Francia a menor costo que el producido por los propios mineros franceses. Este hecho se reflejaba en el mercado francés en el precio de venta más bajo del hierro belga que el producido localmente. Naturalmente, en estas circunstancias, los franceses compraban la mayor parte de su hierro a los productores belgas, en vez de comprarlo a los productores locales. Esta situación disgustaba enormemente a los mineros franceses, por lo que el dueño de la mina de que hablamos al principio de nuestra historia, decidió hacer algo al respecto.

Claude Frédéric Bastiat fue un economista francés, legislador y escritor que fue paladín de la propiedad privada, el libre mercado y el gobierno limitado. Quizás el principal tema subyacente de los escritos de Bastiat fue que el libre mercado era inherentemente una fuente de "armonía económica" entre los individuos, en la.
